UP/DOWN WALL LIGHT
10W

AWLX210-B
Q5040960

Create a refined architectural look with this sleek up and down wall light, designed to deliver balanced illumination and modern exterior appeal. Crafted from durable aluminium, it provides reliable performance in outdoor environments while maintaining a clean, contemporary finish.

With dual 5W light sources, this fitting casts a soft upward and downward glow—perfect for enhancing entrances, pathways, and feature walls. The selectable colour temperature (2700K / 3200K / 4000K) allows you to tailor the ambience, from warm and inviting to crisp and functional.

Rated IP65, this wall light is built to withstand the elements, making it ideal for exposed exterior installations. Its sleek form ensures a subtle presence while still delivering effective illumination.
